

## RESIDENTIAL COMBINATION BOILER

## 10 YEAR LIMITED WARRANTY

### EFFECTIVE:

For 10 years Lochinvar warrants this product against defects in materials or workmanship, and failure due to thermal shock as described in this document, if installed within the United States or Canada, and provided the product remains at its original place of installation and with its original owner.

Warranty coverage begins on the date of installation OR the date of manufacture if installation cannot be verified. *Note: The date of manufacture can be determined using the Serial Number, located on the silver rating label.*

### WHAT IS COVERED:

Subject to these terms in the event of a defect in materials or workmanship appearing during the first 5 years, Lochinvar will repair, or at our discretion, replace any part of the product covered under this warranty.

When the boiler has been used for other than single family residential applications, the parts warranty shall be reduced to 1 year for all models.

After 5 year(s) Lochinvar will repair, or at our discretion, replace the defective heat exchanger, for a period of **5 more years**. **You are responsible for all other labor, shipping, delivery, installation, and handling costs.**

**Unless authorized in writing, all products must be returned to the factory for warranty determination at the owner's expense.**

Any replacement part or product will be warranted only for the unexpired portion of the original product's limited warranty period.

If an identical model is no longer available due to a change in law, regulation, or standard, Lochinvar will replace the product with one having at least the same capacity and of equal input. In these instances, you will have the option of paying the difference between what you paid for the original model and the new model with the additional features, or receiving a refund of the portion of the purchase price allocable, on a pro-rata basis, to the unexpired portion of the warranty period.

### OWNER'S RESPONSIBILITIES:
